

Three-Two-One Gospel Presentation

It's not the simplest presentation in the world but on the other hand I hope it's not simplistic. There are three key truths which, if grasped, have the power to unlock so much of the Bible and so much of God's world. They can be told as simple as 3,2,1....

3: God is three Persons united in love.

2: The story of the world is the story of two representatives.

1: You are one with Adam. Be one with Jesus
