

Song Contest

In this game players compete in teams to think up and sing a line from songs that contain a key word.

Number of players: 4 - 104

Equipment needed: Pens and paper

Divide everyone into teams so that you ideally have four or five groups. Give each team a piece of paper and a pen. Instruct the teams that you are going to call out a word and each team has to think of as many songs as they can that contain the word you have called out. It can be the title of a song or a lyric in the song. Give them 3 minutes to come up with a list.

How to play

Once the 3 minutes are up, teams will be asked in turn to sing one of the lyrics they have on their list that contains the key word. Once a lyric has been sung by one team, that lyric cannot be repeated by another team. A team has 5 seconds to come up with new a lyric and it has to be an actual lyric and not a made up one! If a team cannot come up with a lyric in time, they will be out. Continue asking teams for their lyrics until there is just one team left. The last team standing is the winner!

Here is a list of some words that might work well:

Baby

Fire

Love

Don't

You

Dance

Time
