

# FIRST PRIORITY CLUB - OUTREACH ALTERNATIVES

## Outreach Ideas

The primary Gospel sharing opportunity for First Priority is the week of the club meeting where students invite friends to hear the story of Jesus and respond in faith. But when people do not accept your invitation to the club meeting, what can you do to go to them?

The first step would be to ask God if there is a specific group to reach out to this month. Design the club week around them and invite them to hear about Jesus! For example, invite a college Christian basketball player to come share the gospel and invite the basketball team.

The second step would be to serve that group in some way.

Finally, if God is really pressing you to share the Good News of Jesus with a group, you could move week's meeting to them one month.

The page below lays out ideas for a 3 step process to a successful outreach. They are 3 questions to answer really. **PLEASE HEAR THIS: follow God!** These are only ideas. Ask God to tell you who in your school is lost and seeking. First Priority recommends moving an outreach outside of club time no more or less than once a semester.
