

MONTHLY PLANNING

Plan your months!

Each month your leadership team should host a monthly planning meeting. During this time, plan out your lesson schedule, leadership roles, and go over leadership development skills using the Students On A Mission training (information on the page following). Use the Monthly Planning page and the Planning Guide to prayerfully plan out the lesson and meeting schedule for each month! As you are planning each month, ask the Holy Spirit to guide your decisions and timing for the lessons and months you choose to use. (tip: if a week has a holiday, you can use invite week and plan a special event to draw students in!)
