

A Prayer for Your Friends

God, I know my friends need You, even if they don't realize it yet. Give me the courage to invite them to Club and the words to say when the moment comes. Make a way for them to show up, even if their schedule's packed. I pray You soften their hearts, help them really listen, and let them see the Hope that comes from knowing You.

Write down the names of the friends you will be praying for:
